METALLURGICAL MICROSCOPE

Specification

Field Metallurgical Material Science Microscope

Cordless with Rechargeable Battery Pack

Ideal for Large Plants and Refineries for On the Spot Inspection

Grains, Alloy, Powders, Plastic, Fiber, Beads, Hair, etc

Brightfield Halogen Illumination

Ideal for examining Large and Immovable Metal Samples

Anti Fungus, Anti Reflection & Hard Coating on all Optical Components

40x, 60x, 100x, 150x, 400x, 600x Magnifications

Variable Illumination with aperture Diaphragm

Fine Focusing Knobs

Head: Monocular

Illumination: 6V/20W Halogen

Power: Rechargeable Battery pack

Objectives: M Flat Field Achromatic M 4x 10x, 40x

Eyepieces: WF10x & WF15x

Packing List

Microscope

wireless camera & Tablet.

Objectives M 4x, 10x, 40x

Eyepiece WF10x & WF15x

Lamp with Aperture Diaphragm & Slot for Filter

Rechargeable Battery Pack

Spare Bulb

Power Cord
